Landscaping Guideline

North Barrington

These Landscape Guidelines are in addition to the Declaration and are binding on all Homeowners and will be administered and enforced by The North Barrington Homeowners Association Board of Directors or the Architectural Committee as outlined in the Declaration and may be amended from time to time by the Committee, as it deems appropriate. It is the responsibility of each Homeowner to obtain and adhere to the requirements in the most recent Landscape Guidelines.

A. SUBMITTALS / NOTICES:

All submittals, notices, or other communications to the Architectural Committee shall be sent to _____, (the "Property Manager" or the subsequently property manager) employed by the Association, at the following address:

B. SUBMITTAL REQUIREMENTS / PROCESS:

1. *When to Submit.*

All improvement, landscape plans and designs must be submitted and approved by the Architectural Committee prior to the start of construction or installation.

2. *What is the Time Period to Complete Landscaping:*

Front yard landscaping sets a precedent for the community and shall maintain a standard throughout the community. Front yard landscaping must be fully installed within 90 days of close of escrow. All Homeowner's with rear yard iron fencing exposed to common area must be installed within 120 days of the close of escrow.

3. *What to Submit:*

The Homeowner must submit the architectural review request form, if one is currently being used, along with a copy of the plans and specifications for the backyard improvement or front yard landscaping and a deposit of \$85.00 payable to The North Barrington Homeowners Association. A blank architectural review request form may be obtained from the Property Manager. The plans and specifications must comply with the following:

Scale: All drawings to be drawn to a scale of 1" = 10' (engineers scale) or 1" = 16' (architects scale)

Quality of Plans: All plans must be completely legible. Blue line prints or Xerox copies are acceptable. Faxed copies will not be accepted.

Size of Plans: 8½ X 11 or 11 X 17 are preferable, 18 X 24 are acceptable (if 18 X 24, 3 copies must be submitted because we cannot make copies.)

Plans Must Show:

- The Scale
- Lot dimensions
- Proposed changes in grade, if any, to be completed as part of the landscaping
- All plants specifically shown with species and size labeled
- All trees specifically shown with species and size labeled
- All turf areas shown
- All granite areas with granite size and color
- Any header and borders with material labeled
- Additional hardscape areas including concrete, pavers, etc.
- Note that there is an automatic sprinkler or drip irrigation system and show location of control box (not visible from front of home)
- Any fountains or statues
- Do not color code – colors will not photocopy

4. *Committee Review:*

The Committee will review submittals during their regular meetings or other times they deem appropriate. The Committee will respond in writing no later than 30 days after acceptable and complete submittal including any ancillary information requested by the Committee.

C. DESIGN REQUIREMENTS:

1. *Themes:*

Arid (Xeriscape) landscape themes are encouraged using plants and trees, which are conservative in their use of water. You might want to use plants and trees from the Arizona Department of Water Resources Low-Water Using Plant List.

2. *Trees:*

A minimum of one 24-inch box tree and one 15-gallon tree must be included in each front yard area.

3. *Plants:*

A minimum of six 5-gallon plants must be included in the front yard area.

4. *Granite:*

Approved sizes range from ¼ inch to 1 inch and must be of natural earth tone colors. White, green, or red rock will not be approved. River rock may be used sparingly in accent locations only.

5. *Irrigation System:*

All front and side-yard landscaping visible from neighboring property is to be irrigated by means of an automatic inground irrigation system.

6. *Mounding / Berms:*

If berms are to be used in the landscaping design, they should be gently sloping and have natural looking shapes. The maximum height of a berm should be 24-inches. Berms cannot divert drainage flows onto any adjacent lot or open space.

7. *Lighting:*

Low voltage lighting to highlight entry walk, or accent trees may be used. Colored bulbs and lenses are prohibited. Light source shall be adjusted to minimize glare onto adjacent properties or streets.

D. HOMEOWNERS DEPOSIT:

To guarantee that these Landscape Guidelines are adhered to, before beginning installation, each Homeowner will pay to the Association a deposit of \$85.00 per lot (the "Homeowners Deposit.") If it becomes necessary for the Association to remedy any violation of these Landscape Guidelines, the

cost of such remedy will be charged against the Homeowner's Deposit. The Homeowners Deposit shall not accrue interest while held by the Association. After the final inspection referred to in Section E of these Landscape Guidelines, \$60.00 of the Homeowner's Deposit paid for each Lot will be returned to the Homeowner less any deductions for violations. (Thus the only actual cost for plan review is \$25.00)

E. FINAL INSPECTION / REFUND OF HOMEOWNER'S DEPOSIT:

To obtain a refund of a portion of the Homeowner's Deposit referred to in Section D, the Homeowner must give written notice to the Committee within 30-days after completion of the installation. The Committee or Board or Manager performs a final inspection to confirm it is in conformance with the approved plans. If in conformance, the Committee will refund the application portion of the Homeowners Deposit within 60-days after the final inspection by the Committee. If it is found that the Backyard Improvement or Front Yard Landscaping was not installed according to the approved plans, the Committee will notify the Homeowner within 60-days of the Homeowner's notice of completion. If notice of noncompliance is given by the Committee, the Homeowner will be responsible for correcting all nonconforming work within 30-days of the Homeowners receipt of noncompliance. If a notice of noncompliance is not given by the Committee, it will be presumed that the Backyard Improvement or Front Yard Landscaping is in compliance with the approve plans.

F. ENFORCEMENT:

If any Homeowner installs any Back Yard Improvement or Front Yard Landscaping without first complying with these Landscape Guidelines, the Committee shall have all rights and remedies at law or in equity and as provided in the Declaration and the Project Documents against the Homeowner to bring such landscaping into compliance with these Landscape Guidelines.

G. NON-UNIFORMITY:

Different Lots may have different landscaping design criteria. The Committee shall not be required to approve or reject landscaping design simply because another similar or exact design has previously been approved or rejected. The Committee may, at its option and in extenuating circumstances, grant variances from the restrictions set forth in these Landscaping Guidelines if the Committee determines, in its reasonable judgement, that a restriction would create an unreasonable hardship or burden on the Homeowner when the modified restriction permitted under a variance would not have a substantial adverse effects on the other Homeowners or the Project and is consistent with the high quality of life within the Project.

H. VEHICLES:

Landscaping contractors and crews shall not park on other Lots or any open space. All vehicles shall be parked so as not to inhibit traffic.

I. RESTORATION OR REPAIR OF OTHER PROPERTY:

Damage to other property resulting from construction of Backyard Improvement or Front Yard Landscaping installation, including but not limited to, open space, other Lots, roads, driveways, or concrete curbs and gutters, will not be permitted. If any damage occurs, it must be repaired and / or restored promptly at the expense of the Homeowner who hired the contractor causing such damage.

J. ORDINANCES:

All landscaping and outdoor lighting must comply with all applicable planning and zoning ordinances; provided, however, that if the city amends or repeals all or a portion of any ordinances to be less restrictive, the Architectural Committee may enforced the former more restrictive requirements.

K. MAINTAINING VIEWS:

The Architectural Committee makes no assurance to any Homeowner that the views from a particular Lot will not change over a period of time as Residences are constructed and landscaping grows and matures within the Lots and the Common Areas.

RESTRICTIONS
