

# BELLA TERRA

COMMUNITY NEWSLETTER

January 2022

Dear Residents,

We have seen that there has been an increase in pet feces left around our community. While the board is currently looking into different solutions for the issue, we would like to thank you for your patience as we resolve the increasing amount of animal waste left around our community. If the issue is not resolved, we will look into getting a pet waste DNA test system implemented. If implemented, all residents that own dogs will be required to send in a sample that will be recorded on file. If the sample that gets sent in matches with your dog, the owner will be issued a fine to recover the costs as well as a fine for not picking up your pet's waste.

Please remember that it is the pet owner's responsibility to clean up after their pet. This responsibility does not end when your dog leaves your yard. There may be fewer things that aggravate neighbors more than a dog that 'goes' in their yard. Pet owners, please clean up after your pet and please be mindful and courteous of the entire community.
