

BOARD RESOLUTION – Violations Reporting
August Sun Country Estates

The following resolution was adopted by the August Sun Homeowner’s Association Board of Directors in the meeting on January 17, 2023:

1. August Sun Owners and Residents may report violations of the CC&Rs or Architectural Guidelines during any open meeting or by using the Complaint Form which can be downloaded on the Vision website. The completed form and any supporting photos can be mailed or faxed to Vision’s office or emailed to augustsuncountry@wearevision.com.
2. Members of the Board may also email results of a community survey directly to the community Manager, if the survey was conducted in accordance with a Board-approved motion. For example, if the Board votes to review homes in need of repainting, the list of homes requiring action may be emailed to the full Board and Manager for ratification, without submitting the Vision form.
3. Owners or Residents may only communicate with members of the Board about HOA business in an open meeting, during the Owner Comments portion of the agenda. All other communication between Owners or Residents and the Board will be through the Manager.
