

**Artisan Parkview Condominium Association**  
**Preapproved**  
**Satellite Dish Installation Regulations**

1. An Architectural Application must be filled out and submitted for approval of the satellite installation.
2. The satellite dish must be installed on the flat portion of the roof.
3. The satellite dish must be mounted on a noninvasive skid. (As shown below)
4. The satellite dish must be placed behind the parapet wall.
5. The satellite dish must be centered as to be out of any line of sight.
6. Cables must not be visible to the neighboring property. Cables are not allowed to be run down the side of the building.
7. Upon completion of the installation a picture of the installation on the roof must be provided to the Architectural Committee for the file records.
8. Any damage to the roof or the building will be the sole responsibility of the unit owner to repair at the owner's expense.
9. Upon sale or transition of the condominium the satellite dish must be removed.
10. Any damage caused by the removal of the satellite dish will be the sole responsibility of the unit owner to repair.
