

## Parking Policy

The board wants to keep residents of the community informed as to our parking policy so there are no complaints when cars are towed. Please homeowners, pass this information on to your tenants. Not knowing about the policy will not be an excuse. Our tow company will come out to the community once a month to place stickers on cars that violate these guidelines:

\*Cars with registration stickers that are 60 days past due.

\*Outdated temporary paper license plates

\*No license plate

\*Any vehicle blocking access to buildings or sidewalks.

\*Any vehicle parked in the RED zone will be towed immediately with no warning sticker.

\*Any trailer, machinery or non-motorized vehicle not approved by management.

All owners of vehicles will have 48 hours to contact the management company to avoid the deadline to tow.
