Simple, Fast & Secure Resident Access

DECEMBER 1, 2018
GATE CODE CLEARING

DIAMOND RIDGE HOMEOWNERS:

On November 30, 2018, per the HOA Board's request, QuickPass will be clearing all existing gate codes from the system. For communities with keypad gate access it is a best practice to clear gate codes on a regular basis (annually or bi-annually) to maintain the privacy of the community. This community has never cleared the gate codes, hence it is long overdue.

This means on **December 1st, 2018**, each homeowner needs to reset any access code they wish to set. Please note, you **cannot re-use old codes**. How do you set new codes? Rest assured, it is quite easy and you might not realize all the customization available to you.

Steps to reset your access codes:

1) Go to https://quickpass.us

2) Login (upper right corner in orange)

3) If you don't have a login, submit your information under "Locate Account", the green heading on right side of page. Do this before December 1st if you know you don't have a login.

4) After you are logged in, you will be on your own "home page". From here you can add contact info, set one-time codes, temporary visitor codes, duration codes and permanent visitor codes. You can even enable notifications for every time your code is used!

5) Still have questions? Call QuickPass 888-444-6343
